

## Project Details of DecoTech System

**GAF** GAF is North America's largest roofing manufacturer and is a subsidiary of Standard Industries, the world's largest roofing and waterproofing company. The DecoTech Solar System is designed by GAF, it was developed with roofing best practices, simplicity of installation, performance, safety, and aesthetics in mind.

**SOLARROOM** followed up this case from the beginning of the project to when the whole system was put into the marketing. We provided one stop services for GAF:

- Components supplier selection (flashing, module frame, module assembly, fasteners, etc.);
- Design improvement;
- Product manufacturing, QC/QA flowing;
  - a) Aluminum Mounting parts;
  - b) Solar module frame;
  - c) Flashing Parts.
- System testing and improvement: including Structure and Electrical;
- Package design and coordination with other related matters.
- Sole supplier for solar mounting system in China of GAF.
